5 *reasons why your wines should be listed*

Wein-Plus is the leading independent wine platform in Europe, and concentrates on top-quality European wines. Wein-Plus is financed through the fees of its members, not via charges for tasting.

The Wine Guide is the most extensive of its kind, listing close to 100,000 professional wine descriptions and ratings. It is updated almost daily, and is subject to strict tasting guidelines.

*No tasting fee,
or any other charges.*

1 / Professional - Strict - Independent

The ratings published by Wein-Plus are particularly respected as being strict, professional, independent and incorruptible, and are therefore considered to be a reference point in the wine scene for both private and commercial readers.

2 / Unique European comparison

As a European wine guide, Wein-Plus provides the opportunity to compare wines and wine producers from all wine-growing countries in Europe. Here, you and our readers can see how your wines rate in a European comparison.
